

# LBAH OCTOBER NEWS

## WHAT'S NEW?

Most of you have already met Dr. Chouster, a great human and a superb vet! We're fortunate to have found someone with his expertise and compassion. He genuinely cares for all creatures, big and small, even us two-legged ones. We're interviewing potential vets to join LBAH, and Dr. Chouster's mentoring is exceptional. He loves to teach and will aid in our hospital's growth. **We hope to welcome a second vet soon, allowing us to expand our services and schedule.** Stay tuned for updates!

*NO ACT OF KINDNESS,  
NO MATTER HOW SMALL,  
IS EVER WASTED*

-Aesop

## DR. CHOUSTER TRAINING

**Dr. Chouster will be away for essential training from November 6th to 8th.** We understand the inconvenience of having only one doctor available and apologize for it. However, this training is crucial, so we're sending him to learn.

**Please submit prescription requests by October 31st due to his absence.**

## WE'RE GOING DIGITAL!

**We're transitioning from paper records to electronic medical records for improved efficiency and communication with our clients.**

## NEW TEAM MEMBERS

We have added staff members to support Dr. Chouster and the Licensed Technicians. More hands make for more efficiency and more love for each furry friend.

## NEW EQUIPMENT & SERVICES

We're upgrading our equipment to meet top-tier veterinary standards and achieve AAHA certification. Further upgrades are planned for 2024, including ultrasound and x-ray equipment.

Additionally, we have access to cost-effective consultations with board-certified specialists, enhancing our commitment to modern, high-quality care. We're so enthusiastic for the future!
